Chapter 1 by Twyla Torrez

October 31 2015, It was a usual day nothing unusual was going on. I was hosting a halloween party with my mom and my family. The guest were coming , and everything was perfect. As the party was nearly over and done with i was ready to go to sleep, worn out because the party. But then as i was closing the shades to my room i had saw something flying in the air, i wondered what could it be? So i went out side and looked of my balcany but i could not see anything. As i was heading inside something would not let me back in my house no matter how hard i tried to open the door. so i called my mom but there was no answer why was there no answer? So i went to the edge of the balcany to see if i see anything but noone was there. All at once something had brung me down to the floor, i felt as if i could not breath something was suffer cating me i felt pain on my stomach. Trying to grab a hold of something sturdy, I grabbed the railing and pulled myself up. My adrenaline started, and I have never ever had something like this happen to me. Still not aware of what's going on, I used all my strength to get whatever was on me off. I knew that it was some sort of apparition choking me, but I don't know why. I had saw something of smoke it was black and hard to see through as i was loosing cauncious i was thinking about my life and what was happening to me. Not only was i loosing my breath of life but i noticed the thing choking me was a witch. She was real ugly and not at all looked like the ones of of cartoons but really scary. She had this scary laugh and smelled really bad i felt like dying. as i saw her face i relized she was not trying to kill me she was trying to bring me with her back in pieces of limbs she was so evil to do such a thing. my chest pounding and blood rushing to my brain i was almost dead. The witch had only wanted my limbs so she took my soul instead of my limbs and she flew off and i never saw her again. Knowing she still has my soul with her.
